## Environmental Policy

Bencorp Construction – A Division of Elite General Contracting, believes that each business is responsible for achieving good environmental practice and operating in a sustainable manner.

We are therefore committed to reducing our environmental impact and continually improving our environmental performance as an integral and fundamental part of our business strategy and operating methods. It is our priority to encourage clients, suppliers and all business associates to do the same.

Our policy:

- Support and comply with or exceed the requirements of current environmental legislation and codes of practice
- Minimize our waste, re-use and recycle as much as possible
- Minimize energy and water usage in our buildings, vehicles and processes in order to conserve supplies, minimize consumption of natural resources, especially where they are non-renewable
- Operate and maintain company vehicles (where appropriate) with due regard to environmental issues as far as reasonably practical, and encourage the use of alternative means of transport and car sharing
- Apply the principles of continuous improvement in respect fair, water, noise and light pollution from our premises and reduce and impacts from our operations on the environment and local community
- To purchase products and services that do the least damage to the environment and encourage others to do the same
